

## A Girl Like You

US5

It's just a girl like you  
But you know girl  
You'll be on my mind  
Sit back and Recline  
Let me read the lines  
Checkin' checkin'yo,  
What's up what's up...  
Come on

Simple words  
Just can't describe the way  
That I feel for you, baby  
When I look into your eyes  
I'm feelin' just so hypnotized, by you  
You're like a dream come true to me  
My Love  
It feels so good to tell the world  
That you're my girl  
I feel so happy  
That we are here together  
You're a blessing in the disguise  
I thank the Lord to have you right here by my side

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet  
Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl, I swear there's nothing that I probably wouldn't do  
For a girl like you

If only you can feel  
The way that I feel  
Deep inside, baby  
Girl, you would be surprised  
When you look in my eyes and feel  
There's something real for you  
My love  
It feels so good to tell the world  
That your my girl  
I feel so happy  
That we are here together girl  
I'm feeling butterflies  
And you're the reason why I feel like I can fly

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet  
Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl, I swear there's nothing that I probably wouldn't do

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet

Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl, I swear there's nothing that I probably wouldn't do

Cause a girl like you  
Is more than a dream come true to me  
You're just like a fantasy  
It's you  
So girl just take my hand and see  
I'm so happy to have you right here next to me  
You're so sweet (you're so sweet)

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet  
Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl I swear there's nothing that I probably wouldn't do

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet  
Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl I swear there's nothing that I probably wouldn't do

Cause a girl like you  
Is all I ever wanted  
Cause a girl so sweet  
Like you could make my dreams come true  
Cause a girl like you  
Could make my grey skies turn to blue  
Girl I swear there's nothing that I probably wouldn't do  
For a girl like you
