

# Bad Girl

US5

We just came to the party  
Them girls know how we do  
What's that look's kind of naughty  
Watch your step cause she's a bad bad girl  
She'll spend all of your money  
Leave you find the next guy  
She's one hell of a shorty  
Damn she's hot but she's a bad bad girl

She will steal your soul and mind  
Then she'll leave you far behind  
She's a crazy girl but she rocks my world she's so very naughty

Shorty's just a bad girl (a bad bad girl) a bad girl (My bad girl)  
I adore she's a crazy wild man-eater  
Just a bad girl (a bad bad girl)  
My girl is the baddest of them all

My girl likes to get rowdy  
She's just one of a kind  
My friends they always warn me  
Boy what's up you better change your mind  
It's just not getting to me  
Her love made me go blind  
Clip that time to get naughty  
Damn she's hot but she's a bad bad girl

She will steal your soul and mind  
Then she'll leave you far behind  
She's a crazy girl but she rocks my world she's so very naughty

Shorty's just a bad girl (a bad bad girl) a bad girl (My bad girl)  
I adore she's a crazy wild man-eater  
Just a bad girl (a bad bad girl)  
My girl is the baddest of them all

She looks so fine  
She's the girl of my dreams  
One of a kind  
No one else can compete  
I can't deny  
How she made me lose my mind  
That girl is the baddest of them all

Shorty's just a bad girl (a bad bad girl) a bad girl (My bad girl)  
I adore she's a crazy wild man-eater  
Just a bad girl (a bad bad girl)  
My girl is the baddest of them all

Shorty's just a bad girl (a bad bad girl) a bad girl (My bad girl)  
I adore she's a crazy wild man-eater  
Just a bad girl (a bad bad girl)  
My girl is the baddest of them all
