

Let It Go

US5

I was thinkin' 'bout the things you said
I admit that I was wrong
Maybe if you told me how to make
What I did undone

Twenty nights apart, that's what we are
And I'm dyin' in my sleep
Happy days they seem so far away
Can I come back home?

You told me you loved me
But now it's all history
I'm bleedin' so badly
I just gotta let it go
I thought that I was your friend
But now you're with someone else
Let it go, let it go

Now I'm lyin' in my bed at night
With your picture in my hand
Reminisclin' back to when we were
More than just good friends

Does he make you feel the way I did?
Does he care the way I cared?
Precious love is just so hard to find
Why are you not here?

You told me you loved me
But now it's all history
I'm bleedin' so badly
I just gotta let it go
I thought that I was your friend
But now you're with someone else
Let it go, let it go

I don't understand why you left me all alone
And I can't sleep at night
My heart's on the floor, don't want this no more
I need you back in my life, baby

You told me you loved me
But now it's all history
I'm bleedin' so badly
I just gotta let it go
I thought that I was your friend
But now you're with someone else
Let it go, let it go

You told me you loved me
But now it's all history
I'm bleedin' so badly
I just gotta let it go
I thought that I was your friend
But now you're with someone else
Let it go, let it go
