

One Night With You

US5

I dont wanna put no chains on you
I just wanna be here loving you
Cuz you touch me in the place
That puts a smile right on my face

But I dont wanna be holding you
Baby only for an hour or two
I want you with me
In these arms for all eternity

I dont wanna to put you under pressure
I just wanna spend some time together
So baby if its just for one night

Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night
Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you

Love the things you say, the way you move
Id love to stay here making love with you
Cuz youre just so good to hold
And youve wrapped your arms around my soul

Come on and take this heart of mine
You can have it till the end of time
I want you to be part of every single part of me

I dont mean to put you under pressure
I just wanna have your love forever
So baby if its just for one night, one night

Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night
Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you

Baby, give me your kisses for a lifetime

Baby, show me your smiling face each day girl

Baby, hold me in your heart forever
Cuz I need you by my side

And I wont be satisfied

Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night
Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you
Give me just one night with you
Every day of your life
One kiss every morning
After a hundred kisses each night

Give me just one night with you
Everyday for all time
It would be so right
Every day to have just one night with you
baby baby baby...
