

Say La, La, La

US5

I wanna know about her style
And I gotta know what makes her wild
And in case you didn't know by now
The bad boys comin'
There's no runnin'

You really got me sayin' la la
You know I'm creepin' from behind ya
Won't you let me take control
'Cause I just wanna feel your body

Shake it down 'cause you're movin' way to fast
You're takin' off like a rocket at full blast
Lookin' tight got me sayin' I like that
Girl you got the fellas sayin'

Say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play
And all the boys say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play

She's lookin' really hot like fire
She's everything that I desire
I love the way her booty rolls
She's got me feignin' and I'm just schemin'

If only I could make her mine
And have her hooked up on her line
Then we can keep it on a low
'Cause I just wanna rock that body

Shake it down 'cause you're movin' way to fast
You're takin' off like a rocket at full blast
Lookin' tight got me sayin' I like that
Girl you got the fellas sayin'

Say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play
And all the boys say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play

U know she's lookin' really hot
She's workin' every bit she's got
I love the way her booty rolls
She's got me feignin' and I'm just schemin'

How I could one day make her mine
And have her hooked up on her line
Girl we can keep it on a low

Girl you got the fellas sayin'

Say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play
And all the boys say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play

Say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play
And all the boys say la, la, la, la
You got me goin' crazy today
You're playin' with my mind all the way
Hey girl you wanna come out and play
