

never really thought you'd come  
you did, a line torn right between us  
repeated glance in your eyes  
can't stand it, soon i'm going on

so for now i know as far as friendship goes  
love goes really bad with pressure  
in two months i'm gone, i'll be writing you a lot  
hoping it will get through to you

the story ended here, a new one comes in clear  
i never thought you'd win my best hand  
ace of hearts i fold, this win is truly yours  
i hope you understand

it means a lot the soft words  
you've left with me after the show  
wish you could've stayed some more  
you're great too bad you had to go

for now i know as far as friendship goes  
love goes really bad with pressure  
in two months i'm gone, i'll be writing you a lot  
hoping that i'll come back to you

the story ended here, a new one comes in clear  
i never thought you'd win my best hand  
ace of hearts i fold, this win is truly yours  
i hope you understand

now one year later  
she's ok, is it over  
aging love never gone  
maybe one explanation
