

## Lost Once Again

Useless ID

Take a good look at your conscience now and tell me  
what you see,  
'cause I'm still trying to understand the word  
"companionship"..  
This patriotic scene of life doesn't suit me here at  
all!  
Remember how it started: truth and friendship, nothing  
more...

And I'm still searching for that truth,  
Searching for gone youth that you have lost so long  
ago..  
Somehow I don't know what really goes inside your mind  
And who has passed the line of being wrong..  
Somehow, I don't know...

And you can't even show some dignity  
No, you can't show respect!  
I never criticized your way of life  
but you are just trying to show me how  
I'm so wrong and what to do..  
Well, I don't like your point of view,  
So why do we have to compete?  
Why can't we just let it go and be?..  
Become friends once again?  
I know that you can understand  
That there is no, there is no one to blame..  
Man, if you'll just understand  
That there is no point in hating so much,  
There is no point in being lost!  
No matter how you look, there is always two sides to  
the coin..  
You'll choose which way is better for you;  
For someone else it's worst than being told how to  
behave,  
than feeling so much lost..  
Yes, so much lost...
