

Waiting for an Accident

Useless ID

You took advantage of my nerves
Since he's been treating you like dirt
It's been digging deep into my veins
Let me explain

I got a feeling like we need
To fulfill this dirty deed
We'll set a time and place
But please be sure to erase

I still miss you sometimes
But I can't be with you

Open the gates of Capricorn
I'm walking into a field of thorns
My feet are tongue tied, still in place
What a mistake

Our separation is bonafide
Our conversations end on twilight
Each others late night lullaby
What a surprise

I still miss you sometimes
But I can't be with you

So how does it feel to be in his arms
While you're falling asleep
Like there's no one around you
But there's someone else in mind?
We're just waiting for an accident
We're just waiting for an accident
We're just waiting for an accident
We're just waiting for

I still miss you sometimes
But I can't be with you
I still miss you sometimes
But I can't be with you
