Usher

What's up Baby,  
Look, I know you don't want me to call you baby right now,  
But I just gotta talk to you about sumat real quick,  
Suprise you even took my call...  
I just gotta few things I gotta, gotta discuss with you... would you mind if  
I ask you a question?

Listen, Is there any chance that you remember me being any more than just a  
horrible man...  
And would you consider pullin this trigger and taking a second shot at roman  
ce  
Oh Bbay  
I want the days when you were my girl and I was your man, know I took you fo  
r granted,  
But it wasn't until now I see how much I miss you...

Girl I'm sorry that I ran the streets acting like a damn fool... yeah  
But for once, here goes the truth

I can't be fake I can't be phonie  
Acting all hard that's the niggers that's lonely  
I tried to flex but I confess that when you left you took the very best thin  
g  
The best things that ever happend to me  
You took my best thing,  
The best thing that I ever seen  
You took the best thing that I ever seen  
You took the... the best thing that I ever had  
And now all I feel is stress coz when you left you took the very best

Remember mimi or vita, remember isha or eva  
I ain't got em no more, hey yes  
Niomi or jenny - the same outcome is chillin...  
Girl, I let em all go...  
No more trickin and kissin miscelaenous chicks  
Acting like a jerk, woman I been to church  
And I talked to the bishop and he wanted me to share this with ya...  
How much I miss you

I'm so sorry that I ran the stressts acting like a damn fool  
But for once here goes the truth...

Can't be fake I can't be phonie  
Acting all hard that's the niggers that's lonely  
I tried to flex but I confess that when you left you took the very best thin  
g  
The best things that ever happend to me  
You took my best thing,  
The best thing that I ever seen  
You took the best thing that I ever seen  
You took the... the best thing that I ever had  
And now I'm all out with this stress coz baby when you left you took the ver  
y best...

I couldn't see how good it was until I could'nt see you no more  
Why did I have to act like that  
Damn right girl I want you back

Acting like a G, straight M-A-C and P-I-M-P  
Got my arms empty  
In the night time  
And that's the right time  
When I got time

Listen to what's on my mind  
I can't be fake I can't be phonie  
Acting all hard that's the niggers that's lonely  
I tried to flex but I confess that when you left you took the very best thing  
The best things that ever happend to me  
You took my best thing,  
The best thing that I ever seen  
You took the best thing that I ever seen  
You took the... the best thing that I ever had  
And now all I feel is stress coz when you left you took the very best
