

What's so complicated?  
Everything's so simple when you say it  
Ain't no one said the shit was easy  
Know I said I'd take you out in the city  
But, damn, forgive me, forgive me, forgive me  
Now, fuck with me, fuck with me, fuck with me

I'mma be real with you now, I don't know why I called her  
When you called me, I was wrong, so that's why I bought ya  
A couple things for your wrist that's shining in the dark  
So I was hoping you'd forgive me and that's why I bought it (yeah)  
Fuck with me, fuck with me, fuck with me  
(Yeah, can't you see that I'm trying?)  
Fuck with me, fuck with me, fuck with me  
Fuck with me, fuck with me, fuck with me  
Baby I can change, can you stick around? (yeah)  
Fuck with me, fuck with me, fuck with me  
It's easy when I'm up, can you hold me down?

Tell me what nigga is perfect?  
Tell me what nigga is right?  
Tell me what nigga been with the same bitch  
And she been holding it down for life  
Tell me who get it right on the first try?  
I know I did wrong, but what nigga is trying harder  
Than the one in this song?  
Can you stay down? Oh babe  
Fuck with me, fuck with me, fuck with me  
Boo don't give up on me now  
Fuck with me, fuck with me, fuck with me  
Fuck with me, fuck with me, fuck with me

Baby I can change, can you stick around? (yeah)  
Fuck with me, fuck with me, fuck with me  
It's easy when I'm up, can you hold me down?  
Fuck with me, fuck with me, fuck with me  
Baby I can change, can you stick around? (yeah)  
Fuck with me, fuck with me, fuck with me  
It's easy when I'm up, can you hold me down?  
Fuck with me, fuck with me, fuck with me

I ain't perfect, but smile, I'll give you amazing, worth it  
A good man you deserve it  
Bear with me I promise I'm working (on it)  
No, I ain't changing overnight  
Didn't you see me change your life?  
I can admit that a lot, can we put this shit aside  
You know it ain't bad all the time  
Baby you see me trying  
Fuck with me

Baby I can change, can you stick around? (yeah)  
Fuck with me, fuck with me, fuck with me  
It's easy when I'm up, can you hold me down?  
Fuck with me, fuck with me, fuck with me  
Baby I can change, can you stick around? (yeah)
