

# Lifetime

Usher

I can't let nothing come in between the two of us.  
Cuz it's like your all i need since we've been together. And whenever I'm in  
need of a little  
love, it's okay for me to open up. But i just can't give my heart to anyone  
else.

Some only come in your life for a season, and stay a while, giving you a rea  
son to take  
temporary and think that it's forever. And you've given me someone that I ca  
n believe in. I  
know that there will be times we can't come to an agreement. But i know we'l  
l figure out the  
up's and down's. Tell me are you willing to take a chance? Baby if so...

We go, We go  
Let me put you in my hands  
Come on, Come on  
I wanna be your man  
Let's do it right  
So that's you'll be with me a lifetime  
She'll know and I know  
Don't think that I'm talkin crazy  
Your mama and my mama want some grand babies tonight  
Want you to be with me a lifetime

I used to think it was hopeless and I should just give it up. But I couldn't  
stop until I  
found myself a good girl to be in love. I checked every state and city and l  
ooked all around  
the world. And I'm proud to say that my search ends here. Cuz your one in a  
million to me and I  
can't let you go.

Some only come in your life for a season, and stay a while, giving you a rea  
son to take  
temporary and think that it's forever. And you've given me someone that I ca  
n believe in. I  
know that there will be times we can't come to an agreement. But i know we'l  
l figure out the  
up's and down's. Tell me are you willing to take a chance? Baby if so...

We go, We go  
Let me put you in my hands  
Come on, Come on  
I wanna be your man  
Let's do it right  
So that's you'll be with me a lifetime  
She'll know and I know  
Don't think that I'm talkin crazy  
Your mama and my mama want some grand babies tonight  
Want you to be with me a lifetime

Listen  
Seasons are truly meant to chance  
However love can be the reason you fall  
And when you find that spacial someone  
You will be willing to give them a lifetime

I love you and I choose you  
Follow me
