Usher

Sexy Sexy Sexy  
OoOoOoO

(sexy sexy sexy)  
voluptuous  
I love your confidence  
When you got it  
You got it  
Seduce me baby  
Seduce me

Just to get my attention  
Send a note and a drink  
When we made eye connection  
She just knodded and winked  
On this note it says:  
"Bout' time we get together  
Lets dance now  
Hook up later  
We can do whatever"  
She had Confidence  
But it's all part of the game  
Cos' to her who im with  
Don't really mean a thing  
She knew just what I like  
And now I'm thirsty for more  
Seduction

Sensual, sexy, erotic  
How you workin' your body  
You gon' get me  
Do It  
Do It  
to ya  
Seduction  
You thought out your best  
To get me outa control, baby  
The more I creep around with you  
Make me wanna get  
Down  
(down)  
Down  
(down)  
Down with ya

You got my attention  
What you gon' do with it?  
Baby turn around  
Stick it out  
I wanna see it  
She made the first move smooth  
Intoxicatin'  
She crazy  
Im fightin' not to lose control

Now I'm feeling a little tension  
Don't know whose watchin'

GETTIN' BIG  
In too deep  
And I can't stop it  
(Your making me)  
Your making it  
HARD for me to stay  
HARD to walk away  
HARD don't wanna play no more  
HARD I can't take it baby

Baby whatever you want  
Girl you got it  
Long as your satisfied  
Cos' it's so hard to resist  
Oh your body  
Got me on fire  
Got vivid thoughts in my mind  
The positions that I'm gunna try  
But is it worth all the hurt  
Should I risk it?  
Just for one night  
Once I give it  
She's gunna win  
Either way I lose  
But I gotta have you

I'm tryin' to chill  
But she's got me on the spot  
She's so cocky  
And the way she watchin' me  
Got me feelin' hott, uh  
Shorty know that I gotta girl  
And I really can't break the rules  
Plus popparatzi snappin shots  
And it's hard for me to shake these fools  
So do I  
One: put it on her  
Work my way to the front  
Do I  
Two: Do my part  
And sure don't try to pull no stunts  
Or maybe  
Three: Chase the cat  
Cos' she's sending me on the hunt

Naw  
Bump that  
I aint no punk  
Im gunna give shorty what she want!
