Slow Jam

I was all alone I was feeling rather low I needed someone to lift my spirits up So I dropped in on a dance Just to take a glance And there this lovely thing was She was more than enough I asked her for her hand Said would you like to dance So pleased that I had asked She quickly took my hand And we danced and fell in love On a slow jam Ohhh Play another slow jam This time make it sweet On a slow jam For my baby and for me Play another slow jam This time make it sweet On a slow jam For my baby and for me Seems what you say is true I feel the same way too I waited all night long just to dance with you And when you touched my hand I knew you were the man To turn my world around And make my dreams come true The magic in your eyes, made me realize That everything I feel, has got to be real And we danced and fell in love On a slow jam I'm trying to find someone who I can give my good lovin' to Never, ever did I dream I'd find someone, yeah Now I've been trying to find someone too

I prayed to God, and then I found you I swear I fell in love the night you danced into my heart

Play another slow jam This time make is sweet On a slow jam Can I get a slow jam Do you want to slow jam, baby Play another slow jam This time make it sweet Can I get a slow jam Play another slow jam
