

Tell Me

Usher

(I just wanna take my time, my time with you...)
Were here now while the thunder is roaring
And the windows are blowing cause its pouring tonight
I put my hand on your chest
And its beating kinda fast so its mine
And this moment of silence you look me in the eyes
Nothings verbalized, so much too say
I need you so much
The more I'm away from you
The more of you I want

(I need you)

Tell me that you wanna make love
Tell me that you wanna relieve love
Tell me that you wanna make love yeah
Baby I'm a man that believes in what it is
Were going to a whole 'nother level
When we do it its so much more than sex tonight
When we're connected, every touch every kiss
We finally found what we been looking for in this bed
Its deeper than love
The more of you I have the more of you I want
I need you babe

(Tell me that you wanna make love)

Tell me that you wanna make love
Tell me that you wanna relieve love
Tell me that you wanna make love yeah
Baby I'm a man that believes in what it is
Hey hey
Oh baby can we go deeper deeper than the surface
Farther
I want to hold you

When you so wet and I'm so hard
And the two become one we work out our problems
We fix it, when we get body to body, body to body
Body to body

When you so wet and I'm so hard
And when the two become one its like oh my god
And then we feel like our spirits want to leave our body
Leave our body, leave our body

When you so wet and I'm so hard
And the two become one we work out our problems
We fix it, when we get body to body, body to body
Body to body

When you so wet and I'm so hard
And when the two become one its like oh my god
And then we feel like our spirits want to leave our body
Leave our body, leave our body

You're soul, lets ?

Say you'll never leave me, say you'll never go

(I love you so much...)
