There ain't no reason why you let me wait
Just give me up and I will go, let's set it straight
Got a right to who I am
And if I don't fit your plan then set me free

But you refuse to set me free And you deny me of my needs You have me under lock and key Just set me free, just set me free

You never cared for what I had to say
It's just because you got to have it all your way
Well, I ain't no superman
If that's what you demand then set me free

Couldn't you please just set me free You get your fun just hurting me If this is how it's going to be Just set me free, just set me free

Now I deserve to be as mad as hell because I just don't get it I place myself in your hands to fall But I'm not quitting, no

Feels like the time we spent was going to waste Sooner or later it's goodbye, we're gonna say 'Cause you just don't give a damn So go find some other man and set me free

Just don't refuse to set me free You can't deny me of my needs Just turn your head to hear my plea Just set me free, just set me free

Couldn't you please just set me free You get your fun just hurting me If this is how it's going to be Just set me free, just set me free

Just don't refuse to set me free You can't deny me of my needs Just turn your head to hear my plea Just set me free, just set me free

Couldn't you please just set me free You get your fun just hurting me If this is how it's going to be Just set me free, just set me free

Just don't refuse to set me free You can't deny me of my needs Just turn your head to hear my plea Just set me free, just set me free

Couldn't you please just set me free You get your fun just hurting me If this is how it's going to be Just set me free, just set me free
