

Beautiful Girl

V Factory

It's just another rainy day
Somehow I feel a different way
You caught me by surprise
It's hard for me to believe
That it's coming over me
It's in every word you say
Now I'm running to forever
Wonder where the story goes
Cause only you can make me better
This I know

You are the air that I breathe
You are my soul when I'm in need
You are the one that I see
Visions of you in my dreams
Won't let you leave, not time to go
Wherever I am I will know
I will love you, I will love you
My beautiful girl

Every time I look into your eyes
See the wonder of your pretty smile
Captures me in every way
Wanna hold you til the morning light
Keep you safe through the night
Whisper all I wanna say
Now I'm running to forever
Wonder where the story goes
Cause only you can make me better
This I know

You are the air that I breathe
You are my soul when I'm in need
You are the one that I see
Visions of you in my dreams
Won't let you leave, not time to go
Wherever I am I will know
I will love you, I will love you
My beautiful girl

Now I'm running to forever
Wonder where the story goes
Cause only you can make me better
This I know

You are the air that I breathe
You are the one that I see
Visions of you in my dreams
Won't let you leave, not time to go
Wherever I am I will know
I will love you, I will love you
My beautiful girl
My beautiful girl...
