I Can Change Your Life

V Factory

I know what you're use to. And I can show you something that's better. See girl I know. He use to abuse you, he only used to get on my level. [Chorus:] I can change your life if you let me. I can do it. I know just what you need. I can change your life. Girl, you make me happy and if you let me. And if you let me I'll make your puzzle complete. I can change your life. I know just what you needed. Let me provide it, there's no need to fight this thing. Cause as long as I'm breathing you can believe it. Going down on everything I love. I wanna be, I wanna be, ay. I wanna be, I wanna be, ay ay. Definite, permanent, perfect. [Chorus:] I can change your life if you let me. I can do it. I know just what you need. I can change your life. Girl, you make me happy and if you let me. And if you let me I'll make your puzzle complete. I can change your life. I can, change your, life. This is where you should be. [Chorus: x2] I can change your life if you let me. I can do it. I know just what you need. I can change your life. Girl, you make me happy and if you let me. And if you let me I'll make your puzzle complete. I can change your life.
