

# Outta Control

V Factory

[Verse 1:]

Baby I apologize  
I hate to strike at you the wrong way  
My baby  
By the way that you walk  
I'm left with just something to say  
Say baby

[Pre-Chorus:]

I keep having visions in my dreams  
You're like a celebrity to me

[Chorus:]

I'm Outta Control  
I just can't help myself  
She's got me trippin, trippin  
Oo flippin, flippin  
Outta Control  
She's so bad for my health  
She's got me hittin, hittin  
Spinnin, spinnin  
Outta Control

[Verse 2:]

Baby girl you're just so fine  
With the tiniest smile I get so blown away  
Yeah baby  
I'm at the borderline  
Every time we get close I feel kinda strange  
Why baby

[Pre-Chorus]

[Chorus]
