

## Kingdom

Vader

Southeast from the palace of god  
Amongs the fire torrid wastelands of Sheol  
Where the tower of Baphomet stands  
Sorrrounded by the oceans of insanity and terror  
Obscure and cruel messages  
Tormenting spiritual radiation  
Causing the legions of the Dead to arise  
And have the power over the living

Fallen cradle to crack the Earth open  
I call to Thee! I kneel to Thee!  
Heed my prayers mighty One  
Invoke from the bowels of nailed messiah  
Rise to flare out with darkness  
The One wear the Serpent's crown  
The one wear the Serpent's crown  
Rise to flare out of dark  
Followers of the primeval sin dogma  
Burning in ashes piece by piece  
Suicide is the best way to stay alive  
In the time of no time  
Age of mourning has come  
The conquest is granted when the black Sun shines  
When you awake the Earth ends in fire
