

Walking the paths of everdark  
Searching all of what lies within  
Betrayal by those so blind  
Living lives in the grey flock  
Truth they will never find

Spit out as they follow so much selfish ways  
Full of hate and in the end...  
Yeah!

As a Victor watch' them all  
Fakes are elimintated  
What I deserve will they deserve  
Untill the end is coming near

Still walking the paths of ever dark  
Searching all of what lies within  
(Is all life of this suffering?)  
Betrayal by those so blind  
Living lives in the grey flock  
Truth they will never find

Arise!

Arise!  
My soul from mortal flesh  
Into the spirit realms  
All pain, a source of Power  
Still alone when blood is drained

Yeah!  
Come!

When time has ended, replaced by afterlife  
Who have I become?  
I still walk the Realms, as a master of the ShadowFear  
Into all infinity!
