

The Red Passage

Vader

A dive up with head down
moth-winged Angel's shriek
excretion condensed
dignity disrespect

The Crown of Manhood
means nothing here
not for the sheep they pray
they bless the butcher's knife

A chant of turbid light
sombre consolation
carry me, oh Hydra Mother
to gods of festering wounds

The Crown of Manhood
means nothing here
not for the sheep they pray
they bless the butcher's knife

A chant of turbid light
sombre consolation
carry me, of Hydra Mother
to gods of festering wounds
