

# This Is the War

Vader

Call the god of Mars!!!  
Wake up your hate and fury  
I am raising flag of death  
With the sign of victory

We have to say "enough"  
To the liar on the cross  
So scream with me aloud!!!

This is the war  
That you were asking for!!!

This is the war  
Total war!!!

War for freedom  
War for pride  
War for future  
For all of us  
War for life  
And worthy death  
For you and me  
This is the war!!!

Call the god of hell!!!  
Release all fire demons  
Show you fists and teeth  
And join the troops of death!!!

We have to say "enough"  
To the scared behind the mask  
So scream with me again!!!

This is the war  
Total bloody war  
War!!
