

## We Are the Horde

Vader

Ground is trembling, severe stench engulfs  
Fear possesses the weak being you are  
With convulsive tremble of Darkness,  
our legions move, We are the Horde

We come from the Absence of Light!

Squalor poisons the ground we walk  
Diminishing who pray the falseness of the God  
I am Horde! We are Horde! Yes, We are !!!!!

Intense fear, the trail you leave  
Leads to vulgar death  
We erupt the feast of the blackest path  
Our touch alone, sets in Soul bleed  
Draining the wretched life from your bones  
We bring the suffering!

Lead: Peter

We Are Horde!  
Brutality unseen before  
Feeble human, on your knees to die  
We bring the suffer  
We are Horde  
Yes, We Are!

Futile ways to save your flesh  
Once We Are you shall not live  
Fading light drained from your eyes  
As your puny god laughs about your pain

We Are Horde!  
We bring the suffer!  
We are the Horde!  
We are who benighted  
From absence of Life  
Yes, We Are!
