

Bad Bitches Everywhere

Vado

If you want the money and fame then pay attention
He ain't balling the same you better bench him
All black in the chain you better lynch him
Streets miss him like the range with the 7 engine
Go crazy, I spit fire,
Told baby, my man be fresh, we big timers
Yankee blue Vette with big tires
Can you make any move? Yes got big buyers
Drop Medina, got molly in Aquafina
On my way uptown poppin that la marina
Walking through the crowd like I'm hot and don't got a fever
Eighteen hundred in rucker, we taking shots of tequila

I don't wanna talk, mami show the real,
I'm a bone crusher, I ain't never scared
Road to the riches I'm already there
iPhone taking pictures I wish niggas was here
Cause it's just

Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere

Chinchilla everything, I'm tryina kill everything
Murder with the K stow, quarter mill heavy bling
False thang go, I heard your name never rang
See me in that dang low, bullet 9 the yellow paint
I'm in the cut, Polo down rolling up
I don't frown I don't front,
Keep the pound, load it up, hang around if you want
Bout the brown, mow it up,
Chrissed out, patron it up, got the crowd going nuts
Like throwin up, if you bout that
Bout to turn it up, I keep a judge and a loud pack
Mami wanna fuck, I'm like fuck, where that mouth at
On my main shit, she touch proof, I want my couch back

I don't wanna talk, mami show the real,
I'm a bone crusher, I ain't never scared
Road to the riches I'm already there
iPhone taking pictures I wish niggas was here
Cause it's just

Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere
Bad bitches everywhere, bad bitches everywhere
