

## Celebration

Vado

I move chickens on the strip like pot pies, coke in the pot rise  
Diamond cuts clean with peroxide, what if-what if would have let Pac drive  
Ice the G-Shock glide, all blue like Megan Fox eyes  
Small fry you a smart guy  
Should know I ain't bringing champagne when sparks fly  
Still can't believe King of Pop died  
No tears, my heart cry like when my pops died  
Hood is like the BET Awards  
Everyday I hit the stage fiends see me they applaud  
No diploma we got GED awards  
Keep it comin boat loads don't let TNT aboard  
Left hand Tec blam at your best man  
Leave 'em dead chest red like he Mef Man  
Less grams, check scams is the next plan  
New Lam', the Toyota like the Lex Land

Let's rise to the occasion  
Tuxedo, my ego and slide in a pair of gators  
In the kitchen pies we bakin'  
No time we facin', gold times we lacin'  
Yeah, this here's a celebration  
This here's a celebration  
This here's a celebration  
Cigar smoking make a toast to eliminations  
Let's rise to the occasion  
Tuxedo, my ego and slide in a pair of gators  
In the kitchen pies we bakin'  
No time we facin', gold times we lacin'  
Yeah, this here's a celebration  
This here's a celebration  
This here's a celebration  
Cigar smoking make a toast to eliminations

I ball hard as the concrete  
Keep a day job on the dark street  
Pots, I drop cane like I'm a part of the Heartbeats  
Make you duck, choir boy, when I palm heat  
Pardon me, my chronic exotic like a palm tree  
Cavalli kid, she said I slid I probably did  
Ocean drive, I got my eyes on Versace crib  
Shotty head, hit the corner like niggas gotta give  
Wear cargos and Go-hards 'till every pocket big  
I'm with the boss of the bosses  
True Religion, Ralph Lauren, the horse of the horses  
Carrera GT be the Porsche of the Porsches  
You married to this shit, don't be forced to divorce it  
You ain't strong, I'm the wrong pick to take on  
Niggas'll blow out your candles and have your cake gone  
You niggas is ass, straight thongs  
I hear my name every other minute like Drake songs

Let's rise to the occasion  
Tuxedo, my ego and slide in a pair of gators  
In the kitchen pies we bakin'  
No time we facin', gold times we lacin'  
Yeah, this here's a celebration  
This here's a celebration

This here's a celebration  
Everyone at the table appears to be celebrating  
To determine the dedication  
Was determined, dedicated to just make it  
No hesitations, stay hungry and humble  
Turn into Tarzan just to make my way out the jungle  
Ready to rumble, they either hate you or love you  
There's times I stay in the house just to stay away from the troubles
