

# When I Die

Vado

I just need to get this said  
With all due respect you've put me down in this game  
I didn't ask for that, not even a hand shake  
Make me want things, things I could see and I can almost touch  
Then you take them away. Not for me right?  
Everyone else but not me, I'm what?  
A mistake you make? Like some kept overs  
And I'm supposed to go through my life,  
No friendship, no love till I'm pissing in my bed,  
Coughing the blood on the sheets then I'm alright  
Then it will all be clear. Put it in front of me and take it away  
Why would you do that, aha  
Just to screw with me, what kind of sake fuck thinks that way  
I'm supposed to trust you, based on the treatment so far, what do you want?  
I'm here, I'm listening, I'm ready for every kind of explanation

Uh turn up your stereo but you don't hear me though  
I'm eating off the Oz and the white like Cherios  
Hoes been giving me nut, imperial  
I'm lyrical need the miracle disappear and move  
Shit is real looking critical  
Niggas will play with your kids just to get rid you  
I'm strapped up put some dolo like let me sit with you  
I just came home, the streets sayin' I need it get with you,  
That's when he said it ain't no recruiting homie,  
I got enough, don't need another nigga shooting for me,  
That's bout enough, had it up to here niggas up the years  
Them numbers fierce on that package, that ain't enough to share  
So now I gotta switch up the gears,  
Up the leer rari's with bucket chairs custom with the wheels  
Then give em reason to fucking steal, we all fucking here.

Nigga when I cry no tear shit, ain't beautiful  
Nigga when I ride, no fear, I put the tool in you  
Nigga when I die, don't care if it's no funeral,  
Nigga you alive and you here, God ain't through with you.

This kid over ten did ten now he home again  
Was the mass and rover since had to roll and rover then,  
He was my doberman sold the rock more than hova man,  
Was over when he caught his first body, he ain't been sober since  
I let them hold benz, healthy knot and a burner  
Front him a half a brick, a whole block and then work em  
Told em don't do shit, just take care of the server,  
He having this move fist like he don't feel he a earner  
Think he a has been when I laugh like ain't you just stacking  
Like fuck captain, just fall back and start relaxing,  
He want the action, squeeze plastic ski masking  
Told em don't even ask then, not to see this is passion  
Tomorrow early I need you meet up a curly,  
Curly ran with a birdie and moving like ain't no worries,  
If you hurry and burry I pay with them things go for  
Here's he's key, 804, say no more

Nigga when I cry no tear shit, ain't beautiful  
Nigga when I ride, no fear, I put the tool in you

Nigga when I die, don't care if it's no funeral,  
Nigga you alive and you here, God ain't through with you.

Mansion in Bulvia, stand with the familia  
Lamping with a millia, lambobanana interior  
Every morning I'm hand in hand in from Silvias  
Hammer in my pilly so put some bampers that really up  
Like what's the cause? designer clothes  
Stuck off my second god father, Hyman Roth  
Been on his own, my real father behind them walls  
The monologue with with just talking chains like a diamond cross  
Hustled at night till I can't stand up,  
Garage flooded with white like Santanas  
We was up in the price till we can't stand us  
All our Gucci colors is white can't scam us

Nigga when I cry no tear shit, ain't beautiful  
Nigga when I ride, no fear, I put the tool in you  
Nigga when I die, don't care if it's no funeral,  
Nigga you alive and you here, God ain't through with you.
