

Baby's Got a Secret

Vains of Jenna

Yea
Yea..
Yea...

She's a love machine
Doin' her rattlesnake dance, with her sex appeal
Your little honey is the talk of the town
When she's down on her knees
She's easy to please
You better lock her up and get rid of the key

You thought you knew your baby
But you dont know shit!
Daddy's little girl is a rock n' roll bitch!

And she screams!
'Your little BABY'S GOT A SECRET!'
You don't know what she's doin'
And it's drivin' you insane

Get down!

Words out on the street
That she's under the drum, in the bedroom beat
Get your blindfold off and see
When the band's on their ten
There's not need to pretend
Easy and so sleazy and the pleasing never ends

You thought you knew your baby
But you don't know shit!
Everywhere she goes, she goes
Scratch that itch!

Your little BABY'S GOT A SECRET!
You don't know what she's doin'
And it's drivin' you insane

Your little BABY'S GOT A SECRET!
You don't know what she's doin'
And it's drivin' you insane

Your baby goes around and round

Baby!

Your little BABY'S GOT A SECRET!
You don't know what she's doin'
And it's drivin' you insane

Yea!!
Baby!

Your little BABY'S GOT A SECRET!
You don't know what she's doin'
And it's drivin' you insane

Yea!
Oh!
Oo!
Bitch!!
