Too in-line, dissatisfied, gotta try to multiply. Do not let it slide, get away□ I gotta hide. Too many people looking over my shoulder, too many people and its starting to freak me out... GET A GRIP AND WORK IT OUT!

Hey, come on,□ bring it on!, Trash it bash it gettin paid...

Hey, come on, get it on! Seduction is your favourite game - fucking is my middle name!

Tear it darlin' terrified, wonderin' why I'm still alive. Black eyed, crucified, step aside I got no pride. Too many people looking over my shoulder, tear it up don't matter what if we're over, too many people and it's freaking me out again... GET A GRIP AND WORK IT OUT!

Hey, come on, bring it on! Trash it bash it gettin paid...

Hey, come on, get it on!
