

All At Once

Valencia

I've been thinking that you and I need a little time.
I've been thinking.

I'll do this the right way, and dig myself out of this hole.
It's frightening that I don't know which way I can go.
It might be that everyone around me seems cold.
And I think I need to do it all on my own.
And if I try to turn my life back around its so hard
cause I'm on a path that I've never been down.
And I've got I think that this might be the one way that I can
go.

You have faith in me. And this is all for you.
And I've been thinking that you and I just need a little time.
We'll figure out where we go when wrong, and we'll make it right.
I've been wishing on every star that's hanging up in the sky.
Just hoping that I can find a little bit of time.

Now that I'm stuck in the city with spring rolling in its so hard
because I don't know where to begin.
And there's just never much time these days,
and I stayed up all night trying to say.
I've got, I've got to get this all off my chest.
I'm so sick of living my life in suspense.
We both guessed I'm getting my life rearranged,
and your god damn right my life has changed.

You have faith in me. And this is all for you.
And I've been thinking that you and I just need a little time.
We'll figure out where we go when wrong, and we'll make it right.
I've been wishing on every star that's hanging up in the sky.
Just hoping that I can find a little bit of time.

There's so much more that I wanted to say.
I guess it didn't turn out that way,
so I'll step back and never let go to the past,
and hope I'm never alone and now...

I've been thinking that you and I just need a little time.
We'll figure out where we go when wrong, and we'll make it right.
I've been wishing on every star that's hanging up in the sky.
Just hoping that I can find a little bit of time
