

## Away We Go

Valencia

And away we go  
And I hope that you know  
That one day, we will all be alone

Holding on to broken hearts  
Memories are what's left of us  
You're trying to hard to be my friend  
And I'm placing all our pictures  
In these broken frames to remind me never fall in love again

I'm sorry won't cut it for the rest of your life  
Get over yourself and say goodbye  
I hope you realize you threw away the best thing that ever happened to you  
Forget my name and forget my face hope you get on a plane and forget this place  
So I never have to deal with you again

And away we go  
And I hope that you know  
That one day, we will all be alone

Maybe now I'll figure out  
That life is one big question how am I supposed to grow  
When I'm stuck inside this state well I'll never know  
Your falling faster than the shooting star you wished your body  
on  
(your body on)

I'm sorry won't cut it for the rest of your life  
Get over yourself and say goodbye  
I hope you realize you threw away the best thing that ever happened to you  
Forget my name and forget my face hope you get on a plane and forget this place  
So I never have to deal with you again

And I never felt so high as my back is to the ground  
And we're staring at the stars making faces at the clouds  
But all those days are gone the memories put to rest  
And if you want to see my youth your gonna have to dig deep in my chest

I'm sorry won't cut it for the rest of your life  
Get over yourself and say goodbye  
I hope you realize you threw away the best thing that ever happened to you  
Forget my name, forget my face

So I never have to deal with you again
