

# The Good Life

Valencia

I barely got to sleep last night  
but don't worry girl,  
I still had that dream again  
The dream where I'm in a perfect world  
with perfect blue skies

Where no one dies  
and we spend forever  
livin' in love  
nothing could be better  
than a perfect world  
with a perfect girl  
we'd have so much time  
living out the good life.

From the moment my  
feet touched sand  
to the perfect skies up in the  
tall mountains.

It felt so good to roll the windows down  
drive alone until we find ourselves  
and we'll go back to the life we wanna lead,  
then we'll go back to the way things used to be.

We'll find a way to make it right,  
we're gonna live our lives,  
step by step, we'll make it as we sing...

Don't ever forget  
all the sleepless nights  
we stayed up late until the sun would rise.  
No matter how far you get,  
I'll be a step behind to catch you when you fall down.

I met great friends  
I've seen great times  
I've been in love  
and I've seen love die.

But nothing's as good  
as when I close my eyes  
and feel that road that's lead me through this life  
it's a good life  
just get me on my feet  
it's a good life  
but I'm living in a dream where  
I'll take a chance on every breath  
like it's my last.  
Step by step  
we'll make it as we sing...

Don't ever forget  
all the sleepless nights  
we stayed up late until the sun would rise.  
No matter how far you get,  
I'll be a step behind

I'll find a way to catch you when you fall down.

Don't ever forget  
all the sleepless nights  
we stayed up late until the sun would rise.  
No matter how far you get,  
I'll be a step behind  
I'll find a way to catch you when you fall down.

I packed my bags,  
I was on my way home,  
I was 400 miles away from being back inside of your arms,  
it's where I always wanted to be.

Don't ever forget  
all the sleepless nights  
we stayed up late until the sun would rise.  
No matter how far you get,  
I'll be a step behind  
to catch you when you fall down.

I'll catch you when you fall down.

Don't ever forget  
all the sleepless nights  
we stayed up late until the sun would rise.  
No matter how far you get,  
I'll be a step behind  
I'll find a way to catch you when you fall down.

I barely got to sleep last night,  
but don't worry girl,  
I still had that dream again
