Valient Thorr

last week all the oceans dried up, now all there is is
land scientists
predicted that this is the end of man religious freaks
took to the
streets and put the "left" on trial they hunted down
the witches and
then left them in a pile hurricanes have come and gone,
now where to
place the blame?
ravaged by the stormstris all the cities burn in flames
evacuate the
village cause u know the end is nigh put yr head
between yr legs and
kiss yr ass goodbye.
the animals were freakin out, where were they supposed
to go?
there were some countries that didn't hear about this
til it was too

the world the
wiseman shakes his head as he looks out across the
field the world is
run by a bunch of actors, they get what they want no
matter what the
cost their strings are pulled by the shadows power, "do
it now or the
war is lost!"
they fuel hatred all around the world by trying to tell
u whats right &
wrong they're bellies are fat with pride, their allies
weak, but their
budgets strong our weapons have destroyed the world/
