as i jump off my steed  
jump in my wagon, come on let's go, ride with me im on  
my way to the show,  
do you get down? i thought you did, here's the opener  
now gimme your lid.  
you touch my eagle, you learn his name, uh total  
universe man is to blame  
the total package, the total man, addressing subjects  
that you don't understand  
the total universe the total plan, a spreadin messages  
all over the land

the total world, the total sky, you think u like him  
but you got no reason why  
what's he doin? is this enough? you wanna touch him you

you ever heard of vachal lindsey?

if anyone can do it, i can  
ill bust through the ceiling  
you can call me universe man  
you see my panther, you wanna bleed, i robbing trains  
as i jump off my steed, you touch my eagle,  
you learn his name
