

## Cathedrals Of Dread

Vallenfyre

I see endless destruction  
It's killed more than any world war  
And I don't think I can take this any more  
I spit on your doctrine  
The tyranny on which you depend  
What will you do when it all comes to an end

Such pious displays  
Breathe life into the corpse of God  
A mindless parade  
Victims of the grand deception

The horror of reality  
Cathedrals of dread

A morbid delusion  
Threatened by the pits of hell  
Abandon confusion  
And surrender to your own free will

Your Christ has betrayed us here  
And even death himself has lied  
And even though eternity betide  
Alas we have again to fear
