

## Ravenous Whore

Vallenfyre

Thorn in my side  
Bane of my life  
Constant descent into misery  
Taken my pride  
Tortured my mind  
Take what's left of my dignity

I'd rather suffer  
The leaping flames of hell  
Imprisoned for all time  
And endless hell

Trapped by a lie  
Death by my side  
Grotesque and vile impurity  
Mercy denied  
Bitter divide  
As I suffer  
This human indignity

The air is black,  
I tear at my lungs and vain  
No tears can ever wash away this pain

A ravenous whore
