

Drug Of Choice

Vampires Everywhere!

I know you want me

Sex drugs mutilation thrills
worms in a box choke purple pills
Choose me, I can be your whore
I am the creator
I am the faker
I am poison born

I know you want me
I know you need me
I am your drug of choice

Yeah, yeah, yeah, yeah
And I don't blame you

Blood, sex & rock n roll burning lies die with black crows
Come stitch my flesh back to, back to life

I know you want me
I know you need me
I am your drug of choice

Come say you'll use me up tonight
And I don't blame you

Yeah, yeah, yeah, yeah
And I don't blame you

Come say you'll use me up tonight
And I don't blame you

Is it bad to want
Is it bad to want me
Is it bad to want
is it bad to want me baby

I know you want me
I know you need me
I am your drug of choice

Yeah, yeah, yeah, yeah
And I don't blame you
