

## The Embrace

Vampires Everywhere!

Come on say you love me  
My comatose nightmare love  
Smothered by pain and suffering  
Written with lip gloss and blood  
Can you feel your heart fading  
Can you feel the change inside  
Calling you like a phantom  
Haunting you in the night

Whoa, you're gonna feel this tonight  
Your heartbeats racing fast  
Faster than light  
Whoa, you're gonna fall in love  
There's a killer on the loose  
Hungry for blood

This will be the last time baby  
I promised to let you go  
Falling rays of light befall you  
Covers you like blood in snow  
Can you feel your heart racing  
Can you feel the rain tonight  
Slowly falling down your lips now baby  
Cutting you like a knife

Whoa, you're gonna feel this tonight  
Your heartbeats racing fast  
Faster than light  
Whoa, you're gonna fall in love  
There's a killer on the loose  
Hungry for blood

Say you want  
You know you want it now  
You know you want to die  
Want to die

Say you want  
You know you want it now  
You know you want to die  
Want to die

You will be mine  
You will be mine

Whoa, you're gonna feel this tonight  
Your heartbeats racing fast  
Faster than light

Whoa, you're gonna feel this tonight  
Your heartbeats racing fast  
Faster than light  
Whoa, you're gonna fall in love  
There's a killer on the loose  
Hungry for blood
