

Ants

Vampires on Tomato Juice

Ants in the dark, dance in the park
Ants in the dark, dance in the park (dance)
Ants in the dark, dance in the park
Ants in the dark, dance in the park

ANTS IN THE DARK, DANCE IN THE PARK
ANTS IN THE DARK, DANCE IN THE PARK, AW!
ANTS IN THE DARK, DANCE IN THE PARK
ANTS IN THE DARK, DANCE IN THE PARK

Crawling, creeping in the mud
Down under the hands of god
Serving all the mothers thirst
Bleeding from the mothers birth

We await the fires flame
We're not ashamed - no one's to blame
There will be a rise after the fall

Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park

Ants in the dark, dance in the park
Ants in the dark, ants - what the fuck?

ANTS IN THE DARK, DANCE IN THE PARK
ANTS IN THE DARK, DANCE IN THE PARK, AW!
ANTS IN THE DARK, DANCE IN THE PARK
ANTS IN THE DARK, DANCE IN THE PARK

Sleeping, below the sun
Hunted - always on the run
Eating ourselves in misery
Throwing up the history

We await the fire's flame
We're not ashamed - no one's to blame
There will be a rise after the fall

We wait for the sun to rise
And we're the plague which we despise
We're just pleasant when we lose it all

Ants in the dark, dance in the park,
Ants in the dark and the fucking to make the shrap (?)

And we dance in the midnight moon
Here under a pale sky in the winds of doom
And we dance in the midnight moon
Here under a pale sky in the winds of doom
And we dance in the midnight moon
Here under a pale sky in the winds of doom
And we dance in the midnight moon
Here under a pale sky in the winds of doom

And we're dancing in the midnight
And we're dancing in the midnight
And we're dancing in the midnight
And we're dancing in the midnight

We await the fire's flame
We're not ashamed - no one's to blame
There will be a rise after the fall

We wait for the sun to rise
And we're the plague which we despise
We're just pleasant when we lose it all

Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park
Ants in the dark, we're dancing in the park

Ants in the dark, dance in the park
Ants in the dark, ants - what the fuck?
