

Kyle

Vampires on Tomato Juice

Kyle was a boy who was just in trouble
He was alone and always and living in a bubble

Stabbed by society
Drowned in anxiety

Give me your hand and lean your head
To my breast
It was so hard -- you had no chance
In this cruel dance

He went to church
Believed in god
As altar server - hallelujah
Full of fervor
Unfortunately
His priest was a pervert

Don't you wanna die? Kyle!

Goodbye Kyle

Kyle my friend - say goodbye
