

Puppeteer

Vampires on Tomato Juice

It is buried, it is sealed - and hard to find

Hot shit
Renegade
Paradox
For fucks sake

And if you open this chest - you're out of mind

Holy shit
Renegade
Paradox
For fucks sake

Insane
Holy shit
Scatterbrain
Fuck it

Come to daddy and take a seat upon my lap - come over sweet
I caress your legs I lick your cheek - I touch your fear in your heartbeat
You cry... But you have to comply

But you're 18 - and so plain - just to fuck you would be a shame
I want to burn down your perceptions - the perfect sadisfaction
Don't cry... Some day you will comply

I see your pictures on the wall
And you look

Awesome
Frenchfuck
Doggystyle
Hardnuts

There's a secret deep inside - but you're not

Ready yet
Don't fear
My cherry red
I'm the puppeteer

Pulling the strings - you are going nowhere

Please don't cry
I am your puppeteer
You are my souvenir

You won't die
And I am sure you will come back
