

Carry On

Van Canto

Simple minded brain for now you succumb Nothing changes your way
This world insists to be the same based on our mistakes The flowers
fade along the road Don't blindfold your eyes, so loneliness
becomes the law of a senseless life

Follow your steps and you will find The unknown ways are on your
mind Need nothing else than just your pride to get there... [go!]

Now we'll have to face another day You won't be alone This life
is forcing us to stay - For how long? Cold is the wind and thunder
struck on a stormy night But can't you see, I'm by your side
We are marching on!

Follow your steps and you will find The unknown ways are in your
mind Need nothing else than just your pride to get there...

So, carry on, There's a meaning to life Which someday we may find...
Carry on, it's time to forget The remains from the past,
to carry on

Follow your steps and you will find The unknown ways are on your
mind Need nothing else than just your pride to get there...

So, carry on, There's a meaning to life Which someday we may find...
Carry on, it's time to forget The remains from the past

So, carry on, There's a meaning to life Which someday we may find...
Carry on, it's time to forget The remains from the past

Carry on, it's time to forget The remains from the past, to carry on
Remains from the past, to carry on Remains from the past.
