

## Killer

Van der Graaf Generator

So you live in the bottom of the sea,  
and you kill all that come near you ....  
but you are very lonely, because all the other fish  
fear you .....

And you crave companionship and someone to call your own;  
because for the whole of your life you've been living alone.  
On a black day in black month  
at the black bottom of the sea,  
Your mother gave birth to you and died  
immediately ....

'Cos you can't have two killers living in the same pad  
and when your mother knew that her time had come  
she was really rather glad.

Death in the sea, death in the sea,  
somebody please come and help me, come and help me  
Fishes can't fly, fishes can't fly,  
Fishes can't and neither can I, neither can I ....  
Now I'm really rather like you,  
for I've killed all the love I ever had  
by not doing all I ought to and by leaving my mind coming  
bad.

And I too am a killer, for emotion runs as deep as flesh  
and I too am so lonely, and I wish that I could forget  
We need love,  
We need love,  
We need love .....
