

Love Is The Answer

Van Dyke Parks

I'll find a love sometime, someday
And when I do
I'm gonna love her all the way
I'm gonna love her more each day
I'll search everywhere I can think of
And someday I know I'll find a love

(Search) To wash my tears away
(Love) When I'm feelin blue
(Search) To wipe my fears away
(Love) Love alone will do

Oh love is the answer
Love is a better life
If we people learn to love a little more
Everything will be all right
Love is the answer
Love is a better life
If we people learn to love a little more
Everything will be all right

From east to west time lingers on
Somewhere in the wilderness
There will come a happy morn
Life to me will be just born
When the rays of a golden dawn
Shine from above
Little birds will sing the song of love

(Search) To wash my tears away
(Love) When I'm feelin blue
(Search) To wipe my fears away
(Love) Love alone will do

Oh love is the answer
Love is a better life
If we people learn to love a little more
Everything will be all right
Love is the answer
Love is a better life
If we people learn to love a little more
Everything will be all right

From day to day I'll hope and pray
And somehow, someday
I will know the glory of
Having that someone to love
True happiness and peace of mind
And sometime, someday I'll find a love

(Search) To wash my tears away
(Love) When I'm feelin blue
(Search) To wipe my fears away
(Love) Love alone will do

Oh love is the answer
Love is a better life

If we people learn to love a little more
Everything will be all right
Love is the answer
Love is a better life
If we people learn to love a little more
Everything will be all right

If we people learn to love a little more
Everything will be all right
If we people learn to love a little more
Everything will be all right
