

Me Wise Magic

Van Halen

I know what you're feelin'
what you're feeling is easy to see.
I know what you're dreamin'
I have those same dreams.

Woa.. Reachin' for the beat again.
Lookin' for a sign.
It was right here all the time, time, time, time...

I am you and you are me.

Do You believe?
Don't you trust me? Me Wise Magic
Ow! Baby it's all right.
If you could see
Through my eyes, Me Wise Magic

I feel you breathin'
Don't you trust me...(trust me)
I feel you agreein'
I know what you need

(whoa) Don't you lie
Just you listen thru me
My words at best to you
A fortune coo coo cookie

(Who are you and where are we?)

Do You believe?
Don't you trust me? Me Wise Magic
Yeah yeah! Woahohoh!
If you could see
See through my eyes, Me Wise Magic

A little zen headed your way
You'll get it
halfway down the interstate
Four days from now
It all goes clear
A Buddhist riff for your inner ear
