

# Outta Space

Van Halen

Need no polar bear to scare me  
No Eskimo to share with me his fate  
Woo! We outta space

No blog-o-sphere to sell me  
No dolphin needs to tell me  
No starving kid to make the case

Counter-blast, interstellar facial full  
Bumper sticker on my rocket's ass:  
"Go Home. The Earth Is Full."

Outta space, outta space  
Outta space, outta space

Eighty acres of one stop shopping  
Has somewhat changed the place  
Woo! We outta space

I do not refuse it  
I am guilty, I do use it  
I am the reason we outta space

Counter blast, interstellar facial full  
Bumper sticker on my rocket's ass:  
"Go Home. The Earth Is Full."

Outta space, outta space  
Outta space, outta space

Danger rides the web tonight  
Burst mode dynamite  
Spinning up my Facebook page  
And I'll ride out towards the outer maze

The future ain't what it used to be  
Time to change my galaxy in case  
Wow! We outta space

Trouble-free Earth despocrats made  
Mother Nature piss her pants and when  
That's human way

Counter blast, interstellar facial full  
Bumper sticker on my rocket's ass:  
"Go Home. The Earth Is Full."

Outta space, outta space  
Outta space, outta space
