

# So This Is Love?

Van Halen

Ow, yeah  
Now check me out on the good side here

Well my baby's on the corner and she's lookin' so fine  
Put one and one together and it blowed my mind  
A man needs love to live, I'm the livin' proof  
Catch that smile and I hit the roof

Big double take, but ya keep on walkin', uh!  
I'm in love  
Once over, I'm over done

So this is love?  
Ooh I need your lovin', come on baby, take me home  
So this is love?  
Ooh I need your lovin', I'm just skin an' bone

Goin' outta my way, know my way around  
The grass is never greener an' there plenty around  
All the other girls, they be put to shame  
Over the edge and here I stay

Got me on pins and needles, and she knows  
She's mine and, ain't lettin' go

So this is love?  
Ooh I need your love, baby take me home  
So this is love?  
Ooh I need your lovin', I know

Ow! Got me on pins and needles, yes she knows  
She's mine and, ain't lettin' go

So this is love?  
Ooh I need your love. Whaa, yeah!  
So this is love?  
Ooh I need your love!  
Ahh yeah! Baby, got ta have your love  
Ooh I, Ooh I need, got to have that love  
Baby, baby, wha-ha-ha! Still love  
So this is love?  
So this is love?  
Ow! Wow! Woo!
