You often wonder You wanna know How deep does The rabbit hole go?

I know you never thought about it But ask yourself later: When you turn on your stereo Does it return the favor?

I gotta know

That's the trouble with never

Sure seems like a mighty long time

That's the trouble with never

When was the last time you did something for the first time?

Hello

Every Einstein's assigned A Tweedle Dumb and Tweedle Dumber Any old fool could see Never even wonder

Yeah, we could come together I will call for you Hey, never's good for me How's never sound to you?

1-800-Tell-Me-Baby

That's the trouble with never

Sure may be a mighty long time

That's the trouble with never

When was the last time you did something for the first time?

Yeah Level with me baby Talk to me

This could damage your reputation My wicked, wicked ways But maybe I just will Since you put it that way

Delusions of eloquence? You never can say You wanna play the game? You can't quit when you get played

"Mistakes make people."

Isn't that what people say?

Let's un-plan the moment

Dance the night away

Selective amnesia
Is only a heartbeat away

A simple question concerning time: "Suppose you wait forever And then you change your mind?" Oh, no

That's the trouble with never
Sure could be a mighty long time
That's the trouble with never
When was the last time you did something for the first time?

When was it?
When was it?
Ah, text me baby

When baby?
Tell me
When was the last time baby?
