

# Gypsy Queen

Van Morrison

Dance on Gypsy Queen  
If it's all night, it's alright  
Rave on  
Let your love come tumblin' down  
If you let your love come tumblin' down  
It's alright

Dance on (you know it's alright)  
Gypsy Queen  
Dance on (you know it's alright)  
Gypsy Queen

Rave on  
Laughin' at the summer moon  
Don't stop your carburetor  
Let your car run  
And if it starts to rain  
Keep on dancin' in the rain  
And if it's all night, it's alright

Dance on (you know it's alright)  
Gypsy Queen  
Dance on (you know it's alright)  
Gypsy Queen

Ooo-la-la-la-la-la-la-la-la-la  
Dance, dance, dance the night away  
Ooo-la-la-la-la-la-la-la-la-la  
Come on, come on, come on  
Let me hear you say

You're gonna dance on Gypsy Queen  
Stars shine down on you  
Yeah, ev'rything alright  
Ooo-wee  
I want to throw my arms around you  
I'm so glad I've found you, Gypsy Queen

Dance on (you know it's alright)  
Gypsy Queen  
Dance on (you know it's alright)  
Gypsy Queen

Ev'rything (dance on) is  
(You know it's alright)  
Ev'rything is (alright)

(Dance on) ev'rything is alright  
(You know it's alright)
