

# Higher than the World

Van Morrison

Well I'm higher than the world  
And I'm livin' in my dreams  
I'll make it better than it seems  
Today

And I'm higher than a cloud  
And I'm living in the sound  
I'll make it better than it seems  
Today

Higher than the world  
But my head is in a swirl  
I gotta give a life a whirl  
Today

Higher than the clouds  
Wrapped up in the sound  
I'll make it better all around  
Today

Higher than the world  
But my head is in a swirl  
I gotta give a life a whirl  
Today

Higher in my mind  
I'm going leave these blues behind  
And I'll find what I find  
Today

Cause I'm higher than the world  
And I'm wrapped up in my dreams  
I'll make it better than it seems  
Today

Yes, I'm higher than the world  
And I'm livin' in my mind  
I got to hold on to what I find  
Today

Just a little bit higher  
Little bit higher
