

Kingdom Hall

Van Morrison

So glad to see you
So glad you're here
Come here beside me now
We can clear inhibition away
All inhibitions
Throw them away
And when we dance like this
Like we've never been dancin' before

Chorus:

Oh, they were swingin'
Down at Kingdom Hall
Oh, bells were ringin'
Down at the Kingdom Hall
A choir was singin'
Down at the Kingdom Hall
Hey, liley, liley, liley
Hey, liley, liley, low
Do do do do do do, do
Do do do do do do
Do do do do do do, do
Do do do do do do

Good body music
Brings you right here
Free flowin' motion now
When we're shakin' it out on the floor
Good rockin' music
Down in your shoes
And when we dance like this
Like we've never been dancin' before

Repeat Chorus

Down at the Kingdom Hall
They were havin' a party
They were havin' a ball
Bells were ringing out
And the choir was singin'
Hey, liley, liley, liley
Hey, liley, liley, low
Do do, do do, do do, do do
Sugar was there
Did you see Sugar
Down at the Kingdom Hall
